The purpose of the Department of Natural Resources study guides is to help increase Wisconsin citizens' knowledge about and understanding of our state's environment. We hope to provide information about important environmental issues, encourage respect for the environment and help citizens become active stewards of our natural resources.

Credits and Acknowledgements:

This is a revision of a 1990 publication by the Wisconsin Department of Natural Resources Bureau of Information and Education. The author and project coordinator of that original publication was Jo Temte. The project consultant was Dennis Yockers, Ph. D. The advisory committee consisted of Dennis, Cathy Cliff, Ron Hennings, Chris Mechenich, Dan Sivek, Ph. D.

This revision was coordinated by David Lindorff. Special thanks for assisting in the revision go to Deb Lyons-Roehl, Christal Campbell, Laura Chern and Bill Phelps. Thanks go to following persons for reviewing the publication: Shelley Lee, Carrie Morgan, Michael Scott, Suzanne Wade, Dr. Dennis Yockers and the Groundwater Coordinating Council Education Subcommittee.

The Wisconsin Department of Natural Resources provides equal opportunity in its employment, programs, services, and functions under an Affirmative Action Plan. If you have any questions, please write to Equal Opportunity Office, Department of Interior, Washington, D.C. 20240.

This publication is available in alternative format (large print, Braille, audio tape, etc) upon request. Please call (608) 266-0821 for more information.
